

Why become a Certified Decorator?

- RBA Certification is to verify professional competency throughout the industry. Certified Decorators are recognized and acknowledged among their peers.
- Employers need qualified professionals with proven competence. Certification verifies the work, skill, and knowledge brought to the market place.
- The test is designed to demonstrate a candidate's ability to prepare, ice and finish a variety of high-quality cake products within strict time limits using various cake decorating processes, methods and technique
 - A decorator at this level and for this designation prepares and finishes sweet baked goods for a commercial bakery. Duties include preparing icings, decorating a variety of cakes using various techniques, seasonal display and specialty designs, and working with customers. The Objectives to becoming a Certified Decorator A decorator at this level prepares and finishes sweet baked goods for a commercial bakery. Each contestant will prepare cakes and tiers that are level on top with straight sides, logical height and proportional.
 - For each test problem, cover cakes and/or boards with an icing that is smooth, flawless, with no air bubbles, water spots, knife marks, sanding, patches or crumbs.
 - Prepare colored icings that are of consistent shading and use color that is balanced and harmonized, and appropriate to theme or decorative motif.
 - Apply borders, writing, central decorations and trims that are uniform, free of air bubbles, smooth, free of small drying cracks, precise and neat.
 - Apply flowers and leaves that have definite shaped petals with proper form, correct number of petals, coloring and detail as close to nature as possible.
 - For each problem, create a decorative design that is balanced, proportioned, appropriate to technique or theme, not over-decorated, and structurally stable.
